

Smartcube®
 – Foldable, stackable and
 60% more space efficient

The Smartcube® can boost space efficiency by drastically lowering the amount of air transported. Its solid construction keeps the transported goods safe & sound and eliminates the need for shrink wrap - a fact that lowers costs and enhances product visibility.

Most stillages has half drop-down gates but the SmartCube® has opening gates on each side, which enables loading from both sides. The Smartcube® is extremely durable and requires very little repair or maintenance.

Our different SmartCube® models (Standard, Jumbo, Standing items) are compatible with each other.

Key Benefits:

- ✓ No loose straps
- ✓ No shrink wrap
- ✓ Good product visibility
- ✓ Durable
- ✓ Easy to wash & maintain
- ✓ One man assembly
